RETAIL PRICE LIST 2013

(INCLUDES FABRIC/LEATHER AND VAT)

Welcome to our collection of classic 20th century sofa and chair designs. Everything is hand-made to order to each customers individual specifications, in our factory in Brighton. We make good quality furniture; our sofas and chairs are made to last for many years. We give a 10 year guarantee on all our frames and spring units.

Scandecor is a family business which has been trading since 1967. It is a well-financed, trustworthy and reliable business, but if you have any reservations about buying at long distance, we would suggest that you pay for any transactions by credit card, as the card company guarantees the security of your purchase.

CHOICE OF FABRICS: We offer a very wide choice of coverings and will cover our furniture in any fabric of your choice. The price of our sofas and chairs will vary according to the cost of the fabric. We quote prices for five different price grades of fabric.

FABRIC INFORMATION

Fabrics are priced in 5 price bands "A" to "E"

"A", "B" and "C" price bands are upholstery fabrics for normal domestic use.

"D" and "E" are mainly designed for heavy commercial use and not normally available for domestic furniture. You can expect to get long wear and excellent value from these fabrics for a modest extra outlay.

The Scandecor stock fabric range is in the "A" and "B" price bands and are mainly special purchases offering excellent value and a good choice of plain and patterned fabrics.

Plain Fabrics:

A good selection in all price bands. Velours, weaves, chenille, velvet, tweeds, linen etc.

Art Deco Selection:

All price bands. Patterned Fabrics: available for all models in all price bands.

FABRIC SAMPLES:

Sent on request - please state the colours you want (and don't want), whether plain or patterned, and which sofas you are interested in. Ask for a fabric sample application form.

LEATHER

We use leather from the Scottish tannery of Andrew Muirhead, which is a very old established family business famous for quality leather. There is a choice of 60 plain colours and 8 semi antique colours, plus a limited range of distressed leathers. See our separate Leather Information leaflet. Our Leather furniture is particularly good value.

LEATHER SAMPLES

Sent on request - please state colours wanted and sofas in which you are interested.

FAUX LEATHER

Man-made leathers are the ideal product for anyone who likes the look of leather but would not consider buying any kind of animal skin for ethical reasons. They have a lot of the practical advantages of leather, although not so hard wearing, they resist scratches and scuffs much better than leather. There is also a cost advantage over leather - most faux leathers come into the "B" and "C" price category.

SHOWROOM:

Detailed information on any of our products can be obtained from our sales office (01273 820208). Our showroom is open 10.00 am - 5.30 pm Monday - Saturday, closed Sunday. All our designs are normally on display. If you would like directions on how to reach our showroom, avoiding the A23 into Brighton, please phone us. The rough sketch map below will show you the location - we are quite near to the seafront and the derelict West Pier. We would suggest you try to park in the Regency Square car park (2 minutes from showroom) or any of the town centre car parks signposted from the coast road. If you are travelling a long distance to visit our showroom, we would advise you to phone in advance to make sure the showroom will be open. Brighton is an interesting town for a day out or week-end break. There is plenty to see apart from the well known tourist attractions such as the Royal Pavilion, The Lanes and the Palace Pier, with plenty of small interesting specialist shops and an abundance of Restaurants and Cafe Bars.
